MEMORANDUM FOR RECORD

SUBJECT: Champions4Champions working with USAREC and the James River Recruiting Company

1. The Champions4Champions organization has worked with the James River Recruiting Company and the Norfolk Recruiting Company. The organization is top-notch and has provided a venue where both recruiting companies could strengthen ties with city leadership, neighborhood families and high school students. The recent event at the Indian River High School and in Norfolk provided a venue for recruiting to address over 500 children in those communities. Coach Hatcher himself is responsible for allowing the Army Recruiting companies into event which was executed with the utmost professionalism.
2. I look forward to working with Coach Hatcher and the Champion4Champions team in the near future. His work with young adults is a great compliment to the mission of Army Recruiting.
3. The Point of Contact for this memorandum is the undersigned at (757) 825-9891.
