

Good morning;

I want to take this opportunity to thank all the individuals that have come along to support W.L. Cohen Senior High School.

It is very important that each and every one of you know that the students will really appreciate that the United States Navy is sponsoring the Shoot for The Stars Program. It is truly an accomplishment for this school to be chosen as one that is worthy of your support.

We must always be mindful of the ever-changing educational arena. The needs of students have expanded and the resources have fallen. It is important that outside entities make themselves available to provide support in every way. This makes the task of educating students worthy and significant to the change that this society, in particular, needs.

If there is any way that we can show our gratitude beyond this email, please let me or Coach Valdery know. We want this partnership to grow and develop into something lifelong.

On behalf of Walter L. Cohen Senior High School, I thank you again.

Always in Education, respectfully I am...

Ms. Arlene M. Kennedy  
Principal, WaLoCo
